This would be a \$6000 sponsor for this year's complete trip. If a state elects to sponsor for only a specific part of the trip the amount would be less. Meals @ \$25 x 2 = \$50 per day or \$3000 per trip. At \$35 for the wagon and feed per day it would be \$2100 for the trip. The veterinary cost and blacksmith cost for shoeing the horses and mules would cost about \$900. **Each state that sponsors a wagon would be asked to furnish their state flag to fly it on the wagon. All sponsors will be listed on the website.**
